- Lead Time: 6–8 Weeks
- Warranty: 18 Months

Authentic Spanish Alabaster

Each sphere is carved from genuine Spanish alabaster, a natural stone prized for its translucency and distinctive veining. When illuminated, the stone emits a soft, diffused glow that cannot be replicated by glass or synthetic materials.

Architectural Copper Structure

The circular frame is crafted from premium copper and engineered to provide both structural integrity and visual lightness. The suspended ring design creates a balanced composition suitable for contemporary and transitional interiors.

Three Premium Finishes Available

- HDLS#AlabasterGalaxia1 — Brass Gold
- HDLS#AlabasterGalaxia2 — Matte Brown
- HDLS#AlabasterGalaxia3 — Polished Chrome

Each finish is carefully applied to complement the natural beauty of the alabaster while allowing designers to coordinate with a variety of interior palettes and architectural styles.

Certification & Quality Assurance

Manufactured to international standards and certified for global projects:

- UKCA Certified
- CE Certified
- UL Certified
- CSA Certified
- RoHS Compliant

Every chandelier undergoes multiple inspections covering stone quality, finish consistency, electrical components, and structural integrity prior to dispatch.

ARCHITECTURAL PRODUCT SPECIFICATION

With eighteen illuminated alabaster spheres arranged around a suspended circular frame, Alabaster Galaxia introduces balance, warmth, and architectural presence to luxury interiors. Designed for discerning residential and hospitality projects, it delivers timeless elegance through authentic materials and enduring craftsmanship.
