

Aurelio Wave Oval

Aurelio Wave Oval transforms the fluid motion of a wave into an elongated architectural composition of gold and crystal. Its open elliptical silhouette balances sculptural presence with visual lightness, creating a distinctive focal point for dining tables, reception spaces and expansive luxury interiors.

Materials & Craftsmanship

Aurelio Wave Oval combines a precision-formed copper structure with an 18K gold-plated finish and genuine Asfour Egyptian crystal. Clear faceted elements, delicate drops and selected amber accents are individually positioned across its flowing elliptical framework, requiring careful alignment to preserve the continuous wave profile, crystal rhythm and visual balance of the finished piece.
