

Aurora Lava

Aurora Lava is a grand cascading chandelier inspired by the fluid movement of molten glass. Handcrafted from solid brass and Murano-style glass, its twelve suspended pendants create a luminous vertical composition designed for staircases, double-height foyers, and architectural voids where light becomes part of the structure itself.

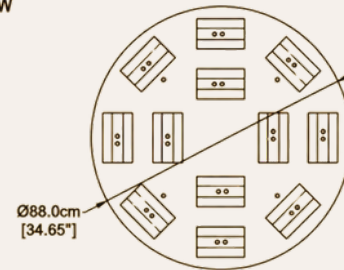

ARCHITECTURAL PRODUCT SPECIFICATION

ARCHITECTURAL PRODUCT SPECIFICATION

Aurora Lava transforms vertical space into a sculptural lighting feature. The cascading arrangement of hand-blown Murano-style glass pendants introduces movement, depth, and warm illumination while creating a powerful architectural focal point. Designed for luxury residences and hospitality environments, Aurora Lava combines artisan craftsmanship, contemporary elegance, and grand-scale presence in a single statement installation.
