

La Scala Crystal Duca

The La Scala Crystal Duca is a grand architectural chandelier created for staircases, entrance foyers, and soaring interior spaces where scale and craftsmanship define luxury. Inspired by the elegance of Italian design, its cascading crystal composition and refined proportions transform vertical spaces into luminous architectural centrepieces.

Materials & Construction

La Scala Crystal Duca is handcrafted from solid copper and finished in polished 18K gold plating, providing exceptional structural integrity for demanding architectural installations. Precision-cut A+ grade lead-free crystal elements are individually aligned to maximise brilliance, clarity, and controlled light refraction. Every chandelier undergoes HDLS Lighting's comprehensive 25-stage quality inspection process, ensuring outstanding craftsmanship, precise assembly, and lasting performance before shipment.
