

La Scala Crystal Sovrano

Inspired by the grandeur of Milan's legendary Teatro alla Scala, La Scala Crystal Sovrano is a monumental crystal chandelier created for interiors where architecture, craftsmanship, and timeless elegance converge. Its commanding proportions, sculpted Italian detailing, and luminous crystal composition establish an unmistakable symbol of prestige.

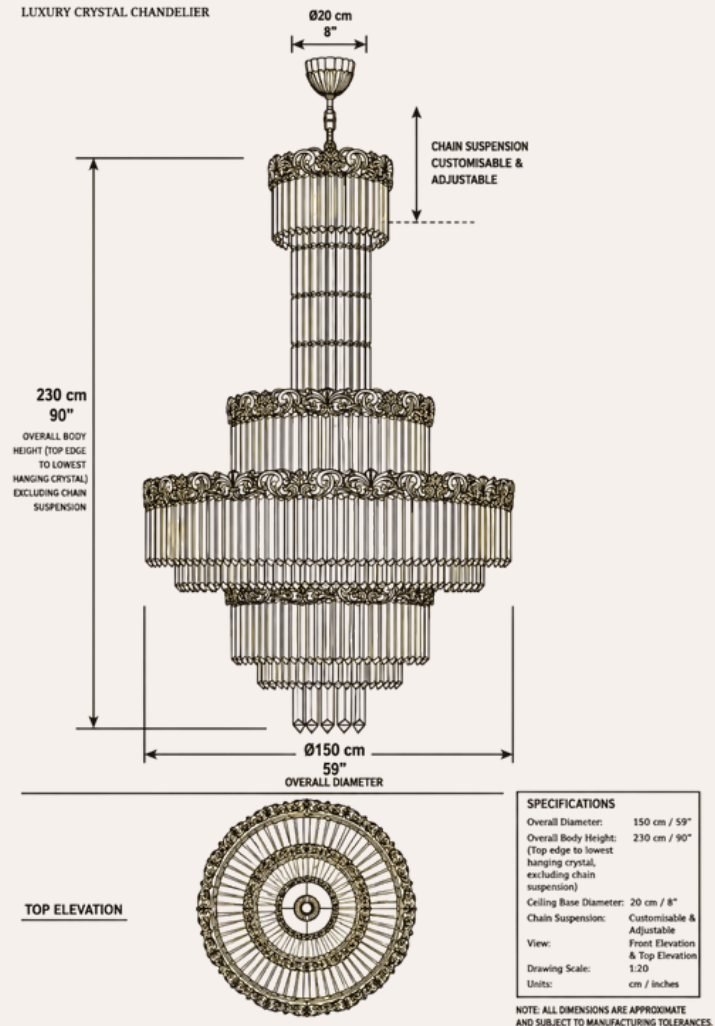

ARCHITECTURAL PRODUCT SPECIFICATION

- High-Refraction Crystal Performance
- Modern Classical Design Language
- Grand Staircase & Foyer Centrepiece
- Exclusive HDLS Lighting Design
- Individually Quality Inspected

Materials & Construction

La Scala Crystal Sovrano is meticulously handcrafted using solid copper and finished in polished 18K gold plating, providing exceptional structural strength for its grand architectural scale. Its precision-cut A+ grade lead-free crystal prisms are individually installed to maximise clarity, depth, and controlled light refraction. The distinctive Italian-inspired sculpted crown, combined with the chandelier's tiered crystal architecture, creates a harmonious composition that balances classical ornamentation with contemporary engineering. Every component is carefully assembled, aligned, and quality inspected to achieve enduring structural integrity, refined proportions, and exceptional visual performance.

ARCHITECTURAL PRODUCT SPECIFICATION

La Scala Crystal Sovrano represents the highest expression of the La Scala Collection, combining architectural scale, Italian-inspired artistry, and enduring craftsmanship. Created for landmark interiors where lighting becomes part of the architecture itself, it delivers a lasting statement of prestige, elegance, and timeless luxury.
