Materials & Construction

The Manhattan Linear Crystal Chandelier is handcrafted from solid 18K gold-plated copper, chosen for its exceptional strength, corrosion resistance, and lasting beauty. Precision-cut A+ grade lead-free crystal is carefully arranged in a disciplined vertical composition that delivers controlled light refraction and architectural depth. A tailored brown leather-wrapped band introduces warmth, texture, and a refined handcrafted character inspired by New York's heritage of fashion and craftsmanship. Every chandelier is individually assembled by skilled artisans before undergoing HDLS Lighting Ltd's comprehensive 25-stage quality control process, ensuring flawless finishing, structural integrity, and long-term performance.

ARCHITECTURAL PRODUCT SPECIFICATION

The Manhattan Linear Crystal Chandelier is designed for interiors where architectural proportion, exceptional craftsmanship, and premium materials define luxury. Combining disciplined geometry with refined illumination, it creates a timeless focal point that elevates dining spaces, kitchen islands, and contemporary interiors with enduring elegance rather than passing trends.
