Materials & Construction

The Manhattan Orbit Crystal Chandelier is handcrafted from solid 18K gold-plated copper, selected for its exceptional durability, structural integrity, and warm architectural finish. Surrounding the circular frame, A+ grade lead-free precision-cut crystal is individually positioned to produce controlled light refraction, exceptional clarity, and a calm architectural glow. A tailored brown leather-wrapped band introduces texture and sophistication, reflecting New York's heritage of craftsmanship and contemporary design. Every chandelier is individually assembled by skilled artisans before completing HDLS Lighting Ltd's rigorous 25-stage quality control process, ensuring flawless finishing, structural precision, and lasting performance.
