Materials & Construction

The Maria Sconce Élan is handcrafted from solid 18K gold-plated copper, providing exceptional strength, corrosion resistance, and a rich architectural finish. The sculptural central column and decorative detailing are wrapped in authentic Asfour Egyptian crystal, precision-cut for exceptional clarity and controlled brilliance. A hand-finished ivory fabric shade softens the illumination into a warm, welcoming glow while complementing both classic and contemporary interiors. Every wall light is individually handcrafted and subjected to HDLS Lighting Ltd's 25-stage quality control process, ensuring outstanding craftsmanship, structural integrity, and long-term performance.
