

Solaris Altair

Solaris Altair is a contemporary architectural crystal chandelier inspired by celestial symmetry and precision-engineered craftsmanship. Combining solid copper construction, polished 18K gold plating, and precision-cut A+ grade lead-free crystal, it delivers controlled brilliance, refined scale, and balanced illumination for sophisticated luxury residential and hospitality interiors.

ARCHITECTURAL PRODUCT SPECIFICATION

SKU: HDLS#SolarisAltair

Technical Specification

- Overall diameter: 115 cm (45")
- Body height: 25 cm (10")
- Approximate weight: 48 kg (106 lbs)
- Expanded radial crystal configuration
- Premium solid copper construction
- Polished 18K gold-plated finish
- Precision-cut A+ grade lead-free crystals
- Total light sources: 12 × E14
- Recommended LED lamps: 4–6W
- Dimmable with compatible dimming systems
- Universal voltage: 90–260V
- Frequency: 50/60Hz
- Adjustable suspension system
- Standard suspension length: 150 cm (59")
- Recommended ceiling height: 270–340 cm
- 18-month manufacturer warranty

ARCHITECTURAL PRODUCT SPECIFICATION

Certifications

- ✓ UKCA Certified
- ✓ CE Certified
- ✓ UL Certified
- ✓ CSA Certified
- ✓ RoHS Compliant Crystal Components

Product Features

- Architectural Crystal Chandelier
- Contemporary Luxury Design
- Expanded Celestial-Inspired Geometry
- Adjustable Suspension System
- Hand-Assembled Crystal Installation
- Internationally Certified Construction

Materials & Construction

Solaris Altair is handcrafted from solid copper and finished in polished 18K gold plating, providing exceptional durability, structural stability, and a refined architectural appearance.

The chandelier incorporates precision-cut A+ grade lead-free crystal prisms arranged in an expanded radial formation inspired by celestial geometry. Each crystal element is individually positioned to maximise clarity, refraction, and controlled light distribution while preserving visual balance throughout the composition.

Its engineered metal framework and hand-installed crystal assembly create a lighting object that combines architectural precision with artisan craftsmanship, resulting in a fixture that performs as both illumination and sculptural focal point.

ARCHITECTURAL PRODUCT SPECIFICATION

Solaris Altair is designed for interiors where scale, proportion, and material excellence define the architectural experience. Its expanded radial geometry, refined crystal composition, and controlled brilliance create a sophisticated focal point that enhances luxury interiors while maintaining the restraint and clarity expected within contemporary design.
