

Solaris Élite

Solaris Élite is an architectural crystal chandelier conceived for interiors where proportion, material integrity, and refined illumination define luxury. Crafted from 18K gold-plated copper and A+ grade lead-free crystal, its disciplined two-tier composition delivers controlled brilliance, sculptural presence, and enduring elegance for sophisticated residential and hospitality projects.

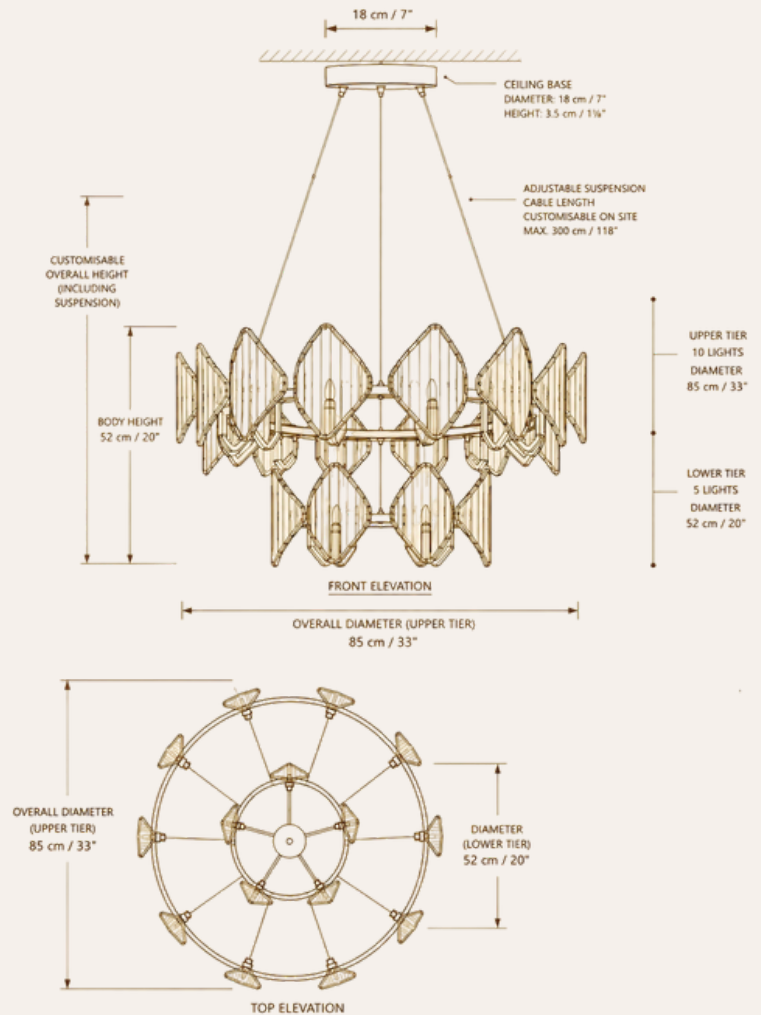

ARCHITECTURAL PRODUCT SPECIFICATION

SKU: HDLS#SolarisÉlite

Technical Specification

- Overall diameter: 85 cm (33")
- Body height: 52 cm (20")
- Approximate weight: 30 kg (66 lbs)
- Dual-tier architectural crystal configuration
- Upper tier diameter: 85 cm (33")
- Lower tier diameter: 52 cm (20")
- Premium 18K gold-plated copper frame
- A+ Grade Lead-Free Crystal
- Total light sources: 15 × E14
- Light configuration:
Upper Tier: 10 Lights
Lower Tier: 5 Lights
- Compatible with dimmable E14 LED bulbs
- Ceiling-mounted installation
- Suitable for standard and high-ceiling interiors

- Internationally Certified Construction
- 18-Month Warranty

Materials & Construction

Solaris Élite is crafted from premium 18K gold-plated copper and finished with A+ grade lead-free crystal selected for exceptional optical clarity and precise light transmission.

Its dual-tier radial composition creates depth and dimensionality while maintaining visual lightness. Each crystal element is carefully positioned to diffuse and refract illumination with precision, producing a balanced glow that enhances surrounding architectural finishes, textiles, stone surfaces, and fine woodwork.

The result is a chandelier that feels substantial without appearing heavy, allowing it to function as a refined architectural focal point within contemporary luxury interiors.

ARCHITECTURAL PRODUCT SPECIFICATION

Solaris Élite is designed for interiors where lighting contributes to the architecture rather than competing with it. Through disciplined geometry, refined materials, and controlled brilliance, it delivers an elegant focal point that enhances spatial composition while maintaining the timeless restraint expected within contemporary luxury environments.
