

Solaris Iris

Solaris Iris is an architectural crystal chandelier inspired by contemporary Italian design, where disciplined geometry and refined materiality shape the experience of light. Crafted from 18K gold-plated copper and A+ grade lead-free crystal, its balanced two-tier composition delivers controlled brilliance and sculptural elegance for sophisticated residential and hospitality interiors.

ARCHITECTURAL PRODUCT SPECIFICATION

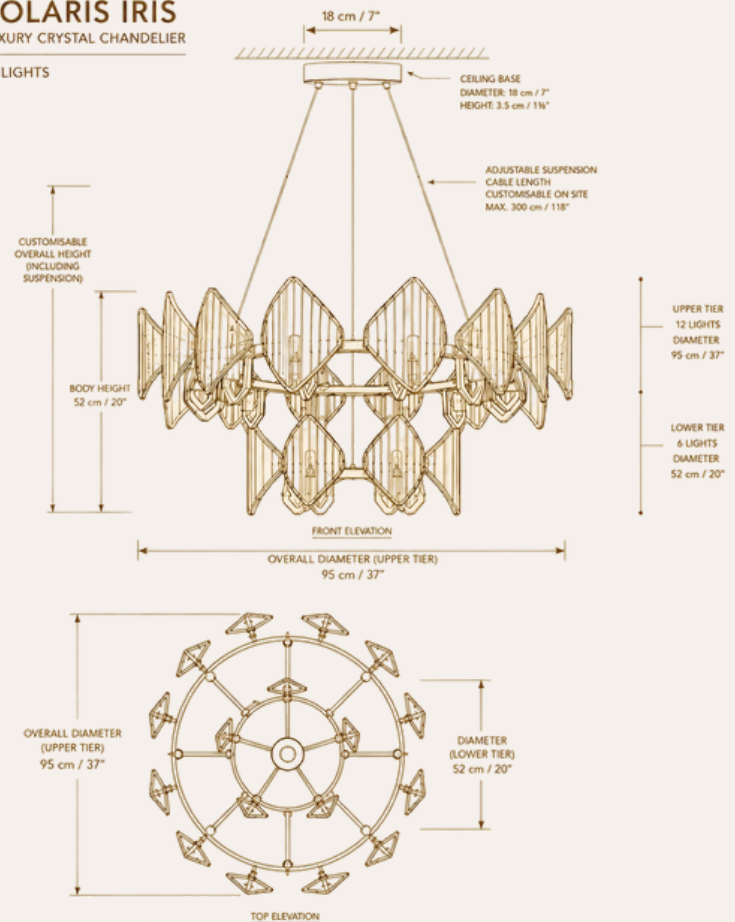

SKU: HDLS#SolarisIris

Technical Specification

- Architectural dimensions:
 - Upper Tier: Ø95 cm (37.4")
 - Lower Tier: Ø52 cm (20.5")
 - Body Height: 52 cm (20.5")
- Approximate weight: 50 kg (110 lbs)
- Elegant two-tier radial composition
- Premium 18K gold-plated copper construction
- A+ Grade Lead-Free Precision-Cut Crystal
- Total light sources: 18 × E14
- Tier configuration:
 - Upper Tier: 12 Lights
 - Lower Tier: 6 Lights
- Compatible with dimmable E14 LED bulbs
- Suitable for standard and high-ceiling luxury interiors
- Precision handcrafted and individually inspected
- Made-to-order production: 8–10 weeks

- A+ Grade Lead-Free Crystal
- 18 × E14 LED-Compatible Light Sources
- Controlled Light Refraction
- Refined Contemporary Geometry
- Luxury Residential & Hospitality Specification
- Internationally Certified Construction
- Dimmable with Compatible E14 Bulbs
- Made-to-Order Production
- 18-Month Warranty

Materials & Construction

The chandelier is constructed from premium 18K gold-plated copper and finished with A+ grade lead-free crystals engineered for superior optical clarity and balanced light diffusion. Each faceted crystal functions as a refined optical element, softening and refracting illumination to create layered depth while maintaining architectural restraint.

The disciplined radial composition produces an elegant floating silhouette that enhances interior volume without visual heaviness, making Solaris Iris particularly suited to sophisticated contemporary environments.
