

Solaris Orion

Solaris Orion is a contemporary architectural crystal chandelier inspired by celestial geometry and refined through disciplined craftsmanship. Combining precision-cut A+ grade lead-free crystal with an 18K gold-plated copper structure, it delivers controlled brilliance, balanced proportions, and sophisticated illumination for intimate luxury interiors and hospitality environments.

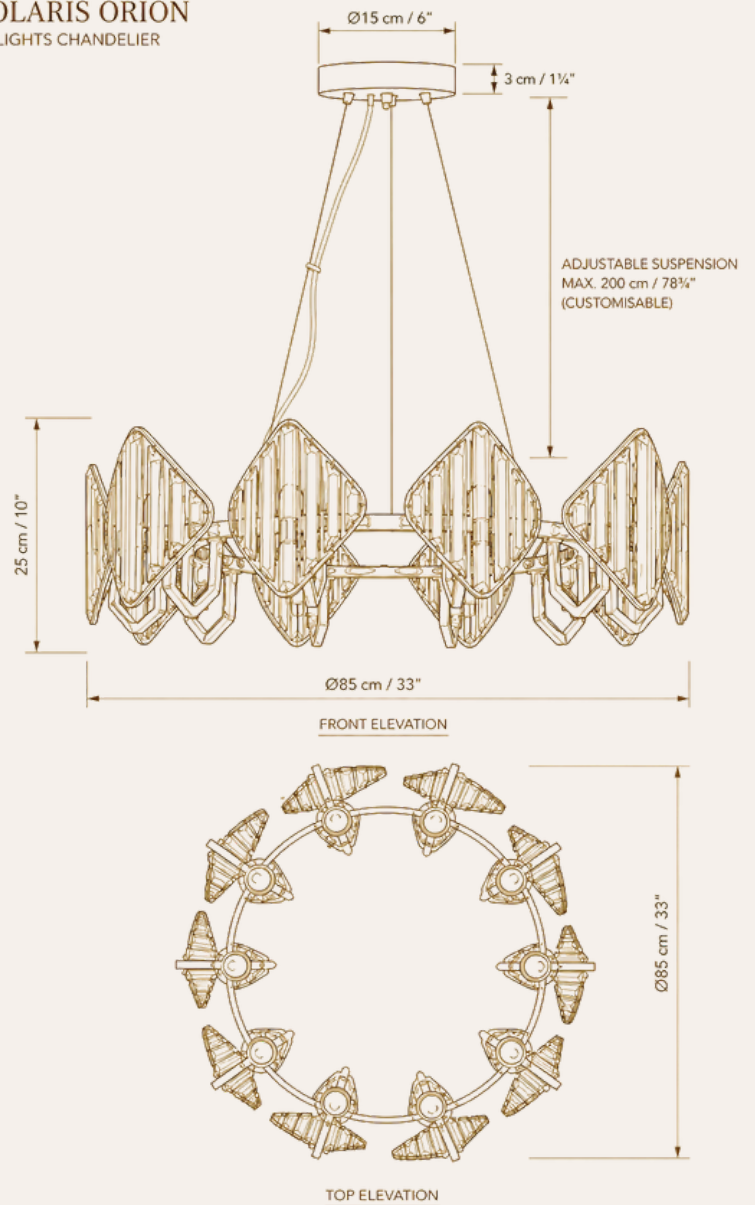

ARCHITECTURAL PRODUCT SPECIFICATION

SKU: HDLS#SolarisOrion

Technical Specification

- Overall diameter: 85 cm (33")
- Body height: 25 cm (10")
- Approximate weight: 35 kg (77 lbs)
- Circular radial crystal composition
- Premium 18K gold-plated copper frame
- Precision-cut A+ grade lead-free crystals
- Total light sources: 10 × E14
- Dimmable with compatible dimming systems
- Universal voltage: 90–260V
- Frequency: 50/60Hz
- Adjustable suspension system
- Standard suspension length: 150 cm (59")
- Suitable for luxury residential and hospitality interiors
- 18-month manufacturer warranty

Certifications

- UKCA Certified
- CE Certified
- UL Certified
- CSA Certified
- RoHS Compliant Crystal Components

Product Features

- Architectural Crystal Chandelier Design
- Contemporary Luxury Aesthetic
- Celestial-Inspired Geometric Composition
- Solid Copper Construction
- 18K Gold-Plated Finish
- Precision-Cut A+ Grade Lead-Free Crystal
- Dimmable Lighting Compatibility
- Adjustable Suspension System
- Universal 90–260V Compatibility
- 18-Month Warranty

Materials & Construction

Solaris Orion is handcrafted from solid copper and finished in polished 18K gold plating, providing durability, structural strength, and a refined architectural appearance.

The chandelier incorporates precision-cut A+ grade lead-free crystal elements arranged in a radial prism formation inspired by celestial constellation patterns. Each crystal component is positioned to maximise clarity, refraction, and layered light distribution while maintaining visual balance and restraint.

The combination of noble materials, engineered structure, and meticulous assembly creates a lighting object that feels substantial, refined, and architecturally integrated within sophisticated contemporary interiors.

ARCHITECTURAL PRODUCT SPECIFICATION

Solaris Orion is designed for interiors where sophistication is achieved through proportion, material quality, and controlled illumination. Its constellation-inspired geometry, refined crystal composition, and balanced scale create an architectural focal point that enriches intimate luxury environments while maintaining the restraint expected within contemporary design.
