

Varella

The Varella Grand Crystal Chandelier is a monumental architectural lighting statement designed for double-height interiors where scale, symmetry, and refined illumination define the space. Precision-crafted crystal arms, elegant fabric shades, and a disciplined radial composition create a timeless centrepiece for exceptional residential and hospitality architecture.

- 34 × E14 LED-compatible light sources
- Fully adjustable suspension system
- Smart lighting and dimming compatible
- Designed for ceilings of 6 m (20 ft) and above
- Bespoke sizes and finishes available

Materials & Construction

The Varella Grand Crystal Chandelier is engineered around a reinforced stainless steel framework designed to support its substantial architectural scale while maintaining exceptional structural stability. Precision-crafted A+ grade lead-free crystal arms radiate from the central structure with perfect symmetry, supporting premium fabric shades that diffuse illumination into a soft, layered glow. The fully adjustable suspension system allows precise installation within double-height interiors, while alternative finishes and bespoke configurations are available for project-specific architectural requirements.
