

Zarrin Calyrex

Zarrin Calyrex is a tiered architectural pendant where sculptural proportion, refined 24K gold finishes, and precision-cut crystal create a commanding yet balanced presence. Designed for interiors where material quality and vertical rhythm define luxury, it delivers luminous clarity and enduring elegance through disciplined architectural form.

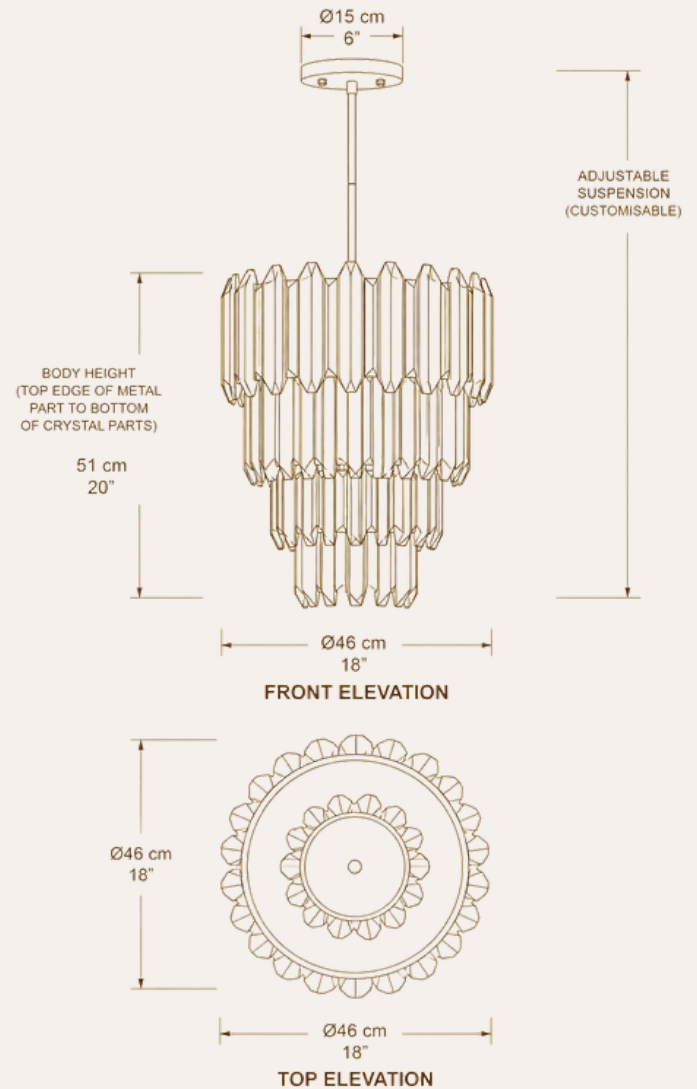

ARCHITECTURAL PRODUCT SPECIFICATION

SKU: HDLS#ZarrinCalyrex

Technical Specification

- Overall dimensions: $\text{Ø}46 \text{ cm} \times \text{H}51 \text{ cm}$ ($\text{Ø}18'' \times \text{H}20''$)
- Adjustable and customisable suspension height
- Standard rigid rod suspension with optional cable suspension
- Weight: 35 kg (77 lbs)
- Premium stainless steel with advanced multi-layer 24K gold electroplated finish
- A+ grade lead-free precision-cut crystal
- Tiered architectural pendant configuration
- 5 × E14 LED light sources
- Compatible with dimmable LED systems
- Voltage compatibility: 90–260V (110–120V U.S. compatible)
- Designed for single, double or triple pendant compositions
- Hand assembled and precision finished
- Worldwide project coordination with fully insured international delivery

ARCHITECTURAL PRODUCT SPECIFICATION

Certifications

- UKCA Certified
- CE Certified
- UL-Compatible Configuration Available
- CSA Compliant Configuration Available
- RoHS Compliant
- ISO 9001 Certified Manufacturing Process (Glass & Crystal Components)

Product Features

- Premium Stainless Steel with Advanced Multi-Layer 24K Gold Electroplated Finish
- A+ Grade Lead-Free Precision-Cut Crystal
- Hand Assembled & Precision Finished
- Individually Quality Inspected
- Adjustable Rod Suspension
- Optional Cable Suspension Available
- Compatible with Dimmable LED Systems
- Designed for Long-Term Architectural Integration
- Suitable for Single or Multi-Pendant Installations
- Worldwide Project Coordination
- Fully Insured International Delivery

Materials & Construction

Manufactured from premium stainless steel and finished using an advanced multi-layer 24K gold electroplating process, Zarrin Calyrex delivers exceptional colour consistency, durability, and long-term resistance to wear. Individually precision-cut A+ grade lead-free crystal elements are arranged in a structured three-tier composition that produces balanced illumination and refined prismatic reflections, creating a sculptural focal point that complements marble, timber, bronze, and contemporary architectural finishes.
