

Zarrin Halo

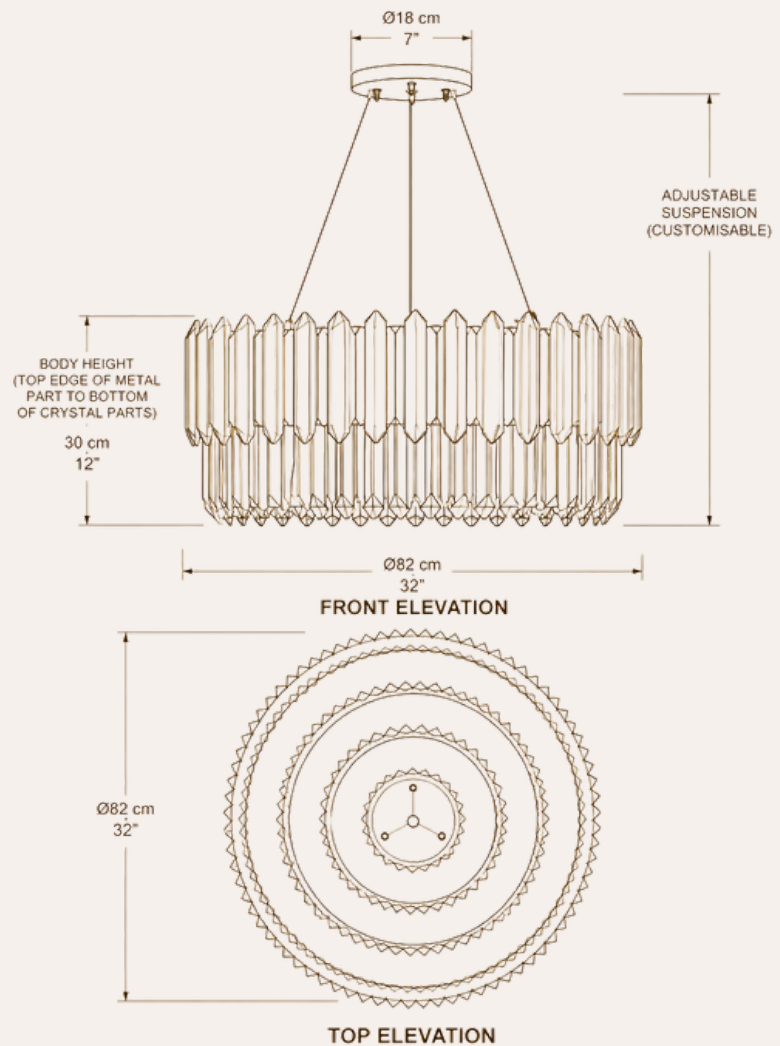

Zarrin Halo expresses architectural balance through disciplined circular geometry, grand-scale crystal, and luminous 24K gold finishes. Engineered from precision electroplated stainless steel and A+ grade lead-free crystal, it delivers sculptural illumination that enriches contemporary residences and hospitality interiors with enduring elegance.

SKU: HDLS#ZarrinHalo

Technical Specification

- Overall dimensions: Ø82 cm × H30 cm (Ø32" × H12")
- Adjustable suspension length for project-specific installation
- Weight: 50 kg (110 lbs)

- Custom sizes and suspension lengths available
- Hand assembled and precision finished
- Typical production lead time 10–12 weeks with insured worldwide delivery

Materials & Construction

Zarrin Halo is engineered from premium stainless steel and finished using an advanced multi-layer 24K gold electroplating process that delivers exceptional colour consistency, durability, and long-term resistance to wear. Grand-size A+ grade lead-free crystal elements are individually precision-cut and arranged to produce balanced illumination with remarkable optical clarity, creating refined reflections that complement marble, natural stone, timber, and contemporary architectural materials.

International Standards & Compliance

Every Zarrin Halo chandelier is manufactured to internationally recognised quality and safety standards, ensuring confidence across luxury residential, hospitality, and commercial specification projects.

Certifications

- ✓ UKCA Certified
- ✓ CE Certified
- ✓ UL-Compatible Configuration Available
- ✓ CSA Compliant Configuration Available
- ✓ RoHS Compliant
- ✓ ISO 9001 Certified Manufacturing Process (Glass & Crystal Components)
